2) a. **The Center shall provide the following services:**

Implementation of online delivery services for courses developed to meet state mandated ESOL competencies for education professionals. **Fees will be \$185.00 per participant for 60 hour courses and \$75.00 for 18 hour courses.** 20% of the fee for each participant will be reserved for the ESOL Consortium to defray update and editing costs and any other projects they wish to undertake as a Consortium. **The Center will retain \$50.00 of the 60-hour course fee and \$15.00 of the 18-hour course fee.** This will cover course update and maintenance services as well as the Center's fee for administering all courses statewide. The remainder of the participant fee will cover program expenses. **Unexpended dollars will revert to the ESOL Consortium each year.**

The schedule for updates and maintenance of courses will be determined by the Consortium. When a course or an update is completed the course will be posted using standard FirstClass protocol on Hillsborough, Pasco and Pinellas district servers. All course content will be uploaded to the districts' servers. The course will be delivered as a Dreamweaver file on a writable CD with permissions to Sarasota and Seminole Counties. The format of the CD will meet the specifications provided by Sarasota and Seminole. The Center will not be responsible for the upload of the course into Sarasota's and Seminole's courseware; however, the Center will ensure that the course is delivered in a format that will allow Sarasota and Seminole to upload the course(s) into their courseware. In addition, the Center will provide any Consortium district direct download access from its server.

Detailed list of courses and guidelines for the services are contained in the document entitled ESOL Online course updates and maintenance guidelines.
