Grant Purpose	Small Scientist Big Learning is designed to provide real experiences for second grade students through the "Become a Scientist" program from Mote Marine. Students will become scientist investigating the marine world using various scientific tools.
Grant Activities	Visiting Mote is the culmination of many prerequisite science activities designed to prepare students for active investigation. For example, student will learn scientific tools, methods and procedures to ensure success. When attending the workshop students will be directed to be keen scientist actively observing and investigating ready to return to classroom to "document their findings," draw their conclusions and communicate their results.
Grant Budget Items	This grant will provide transportation to Mote Marine and entrance fees at \$14 per student.
After Grant Plans	The content and skills learned through the grant exploration will be applied and integrated into classroom curriculum.
