Based upon Results of Operations through December 31, 2015**

**Executive Summary**

The General Fund has been updated based upon the results of operations through December 31, 2015. The State Revenue changes are based upon the following: Receipt of the 3rd calculation of the Florida Education Finance Program (FEFP) and \$1,354,028 for the Best and Brightest Scholarship program. Statewide the number of students reported for funding increased 28,266 students from last year. This is 2,068 students below the State's original projection. The number of Sarasota student FTE funded in the 3<sup>rd</sup> calculation of the FEFP is 536 less than estimated. The reduction of 536 students reduces FEFP revenues by approximately \$3.8 million. After receipt of the Best and Brightest Scholarship funds, there is a net reduction in State Revenues of approximately \$2.5 million. Local Revenues are estimated to be within the original estimated amount. There is a change to Transfers-in based upon receiving additional Public Education Capital Outlay funds of \$10,295. Appropriations have been adjusted to reflect the results of operations through December 31, 2015 as further described in the tables below. In summary, the ending gross fund balance as of June 30, 2016, is estimated to decrease by \$1,467,953. The original budget approved September 15, 2015 estimated the General Fund would use \$1,549,100 of the unassigned fund balance. The ending unassigned fund balance as of June 30, 2016, is estimated to be \$33,595,935 or 8.11% of total appropriations. The detailed financial pages of the General Fund follow this summary.

In the below tables are explanations of the changes from the Original Budget.

**Estimated Appropriation Changes**

<b>Account Description</b>	<b>Amount of Increase (Decrease) from the Original Budget</b>
<b>Salaries</b> – The decrease is related to decreasing positions due to the enrollment decrease and having approximately 260 positions either filled with substitutes or unfilled. A portion of the reduction from unfilled positions in the amount of \$1,586,226 is offset by the flow through of the Brightest and Best Scholarship Program funds.	(\$480,076)
<b>Employee Benefits</b> – The majority of the increase is related to the cost of the group health plan and the social security and Medicare taxes that are associated with the Best and Brightest Scholarship Program. There are more individuals on the health plan this year than last year.	\$531,478
<b>Purchased Services District</b> – Based on results of operations through December 31, 2015, it is estimated purchase services will decrease below the original budget.	(\$910,849)
<b>Purchased Services Charter Schools</b> – Charter school payments are below the original amount budgeted. The charter school enrollment is 346 students less than originally budgeted.	(\$885,574)
<b>Energy Services</b> – Based on results of operations through December 31, 2015, it is estimated energy services will decrease below the original budget. This is a direct result of fuel prices continuing to drop this fiscal year.	(\$890,761)
<b>Materials and Supplies</b> – Based on results of operations through December 31, 2015, it is estimated the expenditures for consumable supplies will be less than originally budgeted.	(\$101,519)
<b>Capital Outlay</b> – Based on results of operations through December 31, 2015, it is estimated schools will use more of their capital allocation than originally estimated.	\$325,701
<b>Other Expenses</b> – Based on results of operations through December 31, 2015, it is estimated schools and departments will use less than originally budgeted. The majority of the estimated decrease is in dues and fees.	(\$142,392)
<b>Net Decrease in Appropriations by Object</b>	<b>(\$2,553,992)</b>
