## FIELD TRIP AUTHORIZATION

**Instructions:** Provide the following information for all field trips.

1. Explain the direct instructional connection with instructional program. Include any potential risks or hazards (e.g. water activity).

Speech and Debate tournaments have been shown to improve academic achievement, public speaking, and interpersonal skills. Students are required to research issues of public concern, philosophical positions, or works of art. Students analyze their research and prepare oral and dramatic presentations based on their analysis. Those skill sets are readily transferable across the entire spectrum of academia. The only risks are those that are inherent on a college campus.

---

---

2. Describe how students are being selected to participate with assurances of equal access for all students, regardless of economic level.

For this tournament, students must participate in team activities and/or previous competition at local tournaments. This requirement is to ensure that the students that desire to participate in this national level tournament have shown sufficient dedication and preparation for their event. For those students and families that need financial assistance, including full payment of fees, team benefactors, team fundraisers, and nations from PVA are provided.

---

---

3. Describe how students will be supervised once they arrive.

Male and female chaperones accompany students to each of their events. Students and chaperones walk from central meeting locations (where the bus drops off from the hotel) to the events. Chaperones have contact information for all students and/or their parents. At the hotel, students have "lights out" times that are reasonable under the circumstances and gender appropriate chaperones perform a "room check" at the lights out time.

---

---

4. Should an emergency arise, how will communication and transportation be handled?

All chaperones have cellular phones and contact information for students' parents/guardians. Communication will initially be by telephone call followed by text message and/or email. Students' medical information will be on site at the tournament. Transportation will be determined under the circumstances but may include the chartered bus, licensed commercial vehicle, or ambulance, if appropriate.
