The School Board of Sarasota County / Workplace Uniform Bid #12-0133

Subject: On-Line Website / Automated Order Entry System

Itchin' to bee Stitchin' has provided a secure online ordering system since 2008. It was custom created to fulfill the unique individual requirements of one client, yet is a basis for use by additional clients. We just completed a transition to a new server which provides increased security and speed in functionality, and the site has received a makeover!

Among the many features, the site offers:

-Secure log-in with password protection for each employee

-Admin access for Employee management.

-Budget management. Configurable to meet clients needs. Three main configurations available:

1. Manage allotments (Voucher) that allow shopper to exceed allotment and employee personally paying overage and sales tax
2. Restricting to not exceed allotment
3. Manage budget by allowable garment quantity (example: 5 shirts, 5 pants)

-Employee Account / Order History, including styles and sizes previously ordered, viewable upon log-in.

-Program Catalog. All apparel and accessories selected for Uniform Program are represented in a clear, easy to view format with photos and descriptions. Sizes, colors and quantities are easily selected by use of drop down options or click and enter fields. Only the items and colors previously selected for the Uniform Program are available on the site.

-Shopping Cart. Remaining Balance recalculates upon addition of an item to the cart.

- Shipping. Configurable to ship to employees home address or work location. Option to select Business Center, Compound, School, etc. for delivery.

- Order Confirmation automatically generated and emailed upon submitting order. Copies can be sent to multiple email addresses, such as: Employee, ITBS, Contract Manager, Finance Department, etc.

-Reports, record keeping, tracking, etc. available as needed.

- ITBS telephone contact information is on every page should the user need assistance.

ITBS e-commerce website is a very simplistic, easy to follow, online ordering tool that provides an opportunity to streamline the ordering process and reduce costs typically associated with uniform ordering. The site is customizable to fit each client's needs. I look forward to an opportunity to discuss this further and demonstrate one of our sites to you. Printouts included for your review.
