

JOINT PROJECT AGREEMENT

(Suncoast Technical College-Joint Use School/Library)

This Joint Project Agreement (“JPA”), to construct a co-located, joint use public library/media center at the Suncoast Technical College - North Port (the “STC Facility”) is made and entered into by and between Sarasota County, Florida, a political subdivision of the State of Florida (the “County”) and the School Board of Sarasota County, Florida, a body corporate under the laws of the State of Florida (the “School Board”) (collectively referred to as the “Parties”) as of the date of execution by both parties.

WITNESSETH

WHEREAS, the School Board is constructing the STC Facility, located at 4675 Career Lane, North Port with paved parking, where students will be offered courses in industry trades such as manufacturing, technology, health care and public safety, as well as other educational opportunities; and

WHEREAS, the County and the School Board are mutually interested in providing and making available a joint use public library/media center at the STC Facility (the “Joint Use Facility”), as summarized in the Plans and Specifications Log (“Construction Documents”), attached hereto as composite Exhibit “A” and on the Space Allocation Plan, attached hereto as composite Exhibit “B”, both being incorporated herein. The Joint Use Facility will expand the program capacity of both the STC Facility and the Sarasota County Public Library by providing increased access to library resources for students, their families, and the public as well as additional meeting space for community functions; and

WHEREAS, the County and the School Board acknowledge the cost-efficiencies inherent in the Joint Use Facility with respect to such needs as site utilities, technology infrastructure and parking, and anticipate identifying additional efficiencies as the Joint Use Facility develops; and

WHEREAS, in the 2014 legislative session, the State awarded the School Board \$3 million for construction of the STC Facility, \$1 million of which will be used for a joint-use library (the “State Contribution”); and

WHEREAS, the County and the School Board have collaborated on the conceptual design of the Joint Use Facility and have received public input during multiple public meetings and workshops; and

WHEREAS, it is anticipated that the County and School Board staffs will continue to work together during the completion of the design phase as well as during the engineering and construction phases of the Joint Use Facility to provide the various amenities needed for the public’s benefit and use; and

WHEREAS, the County and the School Board desire to enter into this JPA, setting forth their respective obligations and responsibilities with respect to the design, engineering and construction of the STC Facility.

NOW THEREFORE, in consideration of the mutual covenants and obligations contained herein, it is agreed as follows:

Section 1 – Incorporation

The recitals set forth above are incorporated herein in their entirety.

Section 2 – Joint Use Facility design, engineering and construction

The School Board shall procure the design, engineering and construction of the STC Facility in compliance with all relevant state and local laws, rules and ordinances. The County and the School Board agree that the Construction Documents represent the complete scope of work for the Joint Use Facility and shall be maintained by the School Board at its offices. Notwithstanding the foregoing, the parties recognize and acknowledge that modest changes to the Construction Documents may be dictated by construction and engineering considerations and may cause slight changes in the scope of work. All changes to the Construction Documents that affect the library portion of the Joint Use Facility or other shared amenities of the STC facility and the associated costs of those changes shall be mutually approved by the County Administrator or designee and the School Board Deputy Superintendent or designee before commencement of the construction incorporating those changes.

- 2.1** The School Board shall procure the necessary approvals and permits for the Joint Use Facility and shall administer construction of the Joint Use Facility as depicted on the Construction Documents. The County Administrator or designee shall review and approve the Construction Documents as related to the Joint Use Facility prior to commencement of construction. At its discretion, the County may participate in any procurement or oversight related to the Joint Use Facility in partnership with the School Board.

- 2.2** The School Board has engaged Schenkel Shultz Architects to design the STC Facility and Willis Smith Construction as Construction Manager to provide pre-construction and construction management services for the STC Facility. The Construction Manager shall prepare a Guaranteed Maximum Price (“GMP”) proposal for the STC Facility which shall include the total cost of construction of the STC Facility, based on the approved Construction Documents. The School Board shall use the GMP as the basis for a negotiated cost of the work plus a fee with a guaranteed maximum price contract, which shall be allocated between the School Board and the County pursuant to the JPA Cost Allocation Summary, attached hereto as Exhibit “C” and by this reference, included herein and the provisions of this Agreement.

- 2.3** Pursuant to the JPA Cost Allocation Summary, the Joint Use Facility cost allocated to the County, net the State Contribution, is Five Million Five Hundred Seventy-Eight Thousand, One Hundred Seventy-Six Dollars (\$5,578,176.00), including Seven Hundred Thousand Six, One Hundred Twenty Dollars (\$706,120.00) for allowances and contingencies (“County Allocation”). Notwithstanding the foregoing, the Parties recognize and acknowledge that modest changes to the Construction Documents, as approved by the County Administrator and the School Board Deputy Superintendent or their designees, may result in slight changes to the Joint Use Facility cost. However, in no event shall the costs charged to the County exceed the County Allocation unless the changes and costs are approved by the County and mutually agreed to.
- 2.4** Prior to execution of the construction contract for the STC Facility, the School Board shall submit a copy of the construction contract, with a schedule of values, to the County Administrator or designee for review and approval as related to the Joint Use Facility. All services and work performed by the School Board's contractors shall be in conformance with plans and specifications approved by the School Board and the County. In consultation with the County, the School Board shall resolve all questions, difficulties and disputes of whatever nature, which may arise under or by reason of the construction of the Joint Use Facility. Nothing in this JPA shall be construed to create, or be implied to create, any relationship between the County and any consultant or contractor of the School Board.
- 2.5** The School Board shall require its contractor(s) to provide a payment and performance bond pursuant to Section 255.05, Florida Statutes, with a Dual Obligee rider that protects the interests of the County to the same extent as it protects the interests of the School Board (the “Payment and Performance Bond”). In addition, the School Board shall require its contractor(s) to procure and maintain during the life of the construction of the STC Facility all insurance necessary to protect the School Board and the County in coverages and amounts as agreed upon by the School Board and the County. Such insurance policies shall name both the School Board and the County as additional insureds and shall indemnify both the School Board and the County, their agents, employees, commissioners, officers and volunteers from and against any and all claims, actions, damages, fees, fines, penalties, defense costs, suits or liabilities which may arise out of any act, neglect, omission or default of the STC Facility contractor(s) arising out of or in any way connected with the STC Facility. This section shall survive the termination of this Agreement.
- 2.6** The School Board shall commence and complete the construction of the STC Facility and meet the task deadlines in accordance with the STC

Facility Schedule set forth in Exhibit “D”, attached hereto and incorporated herein, as amended by any extensions of time mutually agreed upon in writing by the Parties. The Joint Use Facility and the School Board portions of the STC Facility will generally be erected concurrently and shall reach substantial completion and final completion simultaneously.

Section 3 – County Allocation Disbursement

- 3.1** The School Board shall submit requests for reimbursement to the County consisting of the following components:
 - 3.1.1 The County Allocation of the land purchase, the architectural/engineering fees, and pre-construction services, as indicated on the JPA Cost Allocation Summary.
 - 3.1.2 The GMP contract
 - 3.1.3 Allowances and Contingencies as identified in the Cost Allocation Summary
- 3.2** Costs to date of the components identified in Article 3.1.1 will be invoiced by the School Board to the County on the effective date of this JPA.
- 3.3** Initial requests for reimbursement shall credit the County Allocation for the One Million Dollar (\$1,000,000.00) State Contribution until that credit has been expensed.
- 3.4** Upon the issuance of the GMP, the County shall encumber its proportional share of the GMP based on the JPA Cost Allocation Summary.
- 3.5** The School Board shall invoice the County at regular intervals of construction. Invoices from the school Board shall include copies of paid GMP invoices (for the interval period), copies of paid invoices for any components listed in 3.1.1 and 3.1.3 that are included, and such other back-up documentation the County may request.
- 3.6** Upon final completion of the Joint Use Facility and payment by the School Board of all outstanding invoices and retainage, a reconciliation of all costs will be provided to the County with a final invoice for reimbursement or a refund check, as appropriate.
- 3.7** Requests for payment shall be sent to:

Sarasota County Government
1001 Sarasota Center Boulevard
Sarasota, Fl. 34240
Attn: Kim Humphrey, Project Manager, Capital Projects
khumphre@scgov.net

3.8 Pursuant to the Florida Prompt Payment Act, following verification of all costs and work/services being invoiced to the County for the STC Facility, the County shall remit payment to the School Board up to the total County Allocation. Provided, however, the final payment shall be made pursuant to Section 1013.50, Florida Statutes. Provided further, in no event shall the County's portion of the costs related to the design and construction of the STC Facility exceed the County Allocation except as provided in Paragraph 2.3 above. The School Board shall provide the County with such additional documentation that the County may require for auditing purposes.

Section 4 – Failure to Complete

In the event the School Board abandons the construction of the Joint Use Facility prior to completion or it is not completed pursuant to the STC Facility Schedule and any extensions thereto authorized by the School Board, the County reserves the right to seek remedies pursuant to the Payment and Performance Bond and such additional remedies as the County deems appropriate. This Section shall survive the termination of this Agreement.

Section 5 – No Pledge of Faith and Credit

No provision of this JPA shall be construed or interpreted as creating a pledge of the faith and credit of the County within the meaning of any constitutional debt limitation. The parties acknowledge that the scope, term and duration of this JPA are reasonable. No provision of this JPA shall be construed or interpreted as delegating governmental powers, or as a donation or a lending of the credit of the County, within the meaning of the Florida Constitution. No provision of this JPA shall be construed to pledge or to create a lien on any class or source of the County's moneys, nor shall any provision of this JPA restrict to any extent prohibited by law any action or right of action on the part of any future County Commission. To the extent of any conflict between this Section and any other provision of this JPA, this Section shall take priority.

Section 6 – Insurance and Indemnification

The School Board and County agree to maintain liability insurance coverage for the duration of this JPA and to defend, indemnify and save harmless the other party, its agents, officials and employees against all injuries, deaths, losses, damage claim suits, liabilities, judgments, costs, attorney fees and expenses which may accrue against the other party as a consequence of the intentional or negligent acts of the indemnifying party's employees, agents or licensees up to the limits set forth in Section 768.28, Florida Statutes. Nothing contained in this Section shall constitute a waiver of sovereign immunity or of the limitations on liability provided to either party under the Florida Constitution or general law. Further, the parties acknowledge that the County and the School Board are self-insured. In the event of any threatened or impending action that may give rise to

Section 10 – Effective Date; Term

The Effective Date of this JPA shall be the date of the last signatory hereto and this JPA shall remain in full force and effect until the STC Facility has been deemed complete by the School Board and upon completion of all obligations under this JPA by the Parties hereto.

Section 11 – Ownership of the Joint Use Facility and Amenities

The Joint Use Facility and all improvements therein shall be the property of the School Board. Provided, however, furnishings and equipment paid for by the County shall be the property of the County and shall be removed by the County in the event the Joint Use Facility is no longer used for a joint use public library/ media center. The terms of this Section shall survive the termination of this JPA.

Section 12 - Dispute Resolution

In the event of a dispute between the School Board and County regarding the delivery of services under this JPA, the Deputy Superintendent and the County Administrator or their designated representatives shall review such dispute and options for resolution. Any dispute not resolved by the Deputy Superintendent and the County Administrator shall be referred to a joint meeting of the School Board and the Board of County Commissioners. In the event the School Board and the Board of County Commissioners are unable to agree, parties may pursue the appropriate legal remedy. This process shall substitute for the dispute resolution process set forth in Chapter 164 of the Florida Statutes.

Section 13 - Force Majeure

13.1 Except for any payment obligation by either party, if either the County or the School Board is unable to perform, or is delayed in its performance of any of its obligations under this JPA by reason of any event of Force Majeure, such inability or delay shall be excused at any time during which compliance therewith is prevented by such event and during such period thereafter as may be reasonably necessary for the County or the School Board to correct the adverse effect of such event of Force Majeure.

13.2 An event of "Force Majeure" shall mean the following events or circumstances to the extent that they delay the County or the School Board from performing any of its obligations (other than payment obligations) under this JPA:

13.2.1 Strikes and work stoppages unless caused by a negligent act or omission of either party;

13.2.2 Acts of God, tornadoes, hurricanes, floods, sinkholes, fires, explosions, landslides, earthquakes, epidemics, quarantine and pestilence; and

13.2.3 Acts of public enemy, acts of war, terrorism, effects of nuclear radiation, blockages, insurrection, riots, civil disturbances, or national or international calamities; and

13.2.4 Suspension, termination or interruption of utilities necessary to the performance of the obligation.

13.3 In order to be entitled to the benefit of this Section, a party claiming an event of Force Majeure shall be required to give prompt written notice to the other party specifying in detail the event of Force Majeure and shall further be required to diligently proceed to correct the adverse effect of any Force Majeure. The terms of this Section shall survive the termination of this JPA.

Section 14 – Entire Understanding

This JPA embodies the entire understanding of the Parties regarding the subject matter hereof, and there are no further or other agreements or understandings, written or oral, in effect between parties relating to the construction of the Joint Use Facility. This JPA may be amended or modified only by an instrument of equal formality executed by authorized representatives of the County and the School Board.

Section 15 – Severability

If any provision of this JPA or any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this JPA which can be given effect without the invalid provision, if such remainder conforms to the requirements of applicable law and the fundamental purpose of this JPA, and to this end the provisions of this JPA are declared to be severable.

Section 16 – Mutual Benefit

This JPA is for the mutual benefit of the named parties only and nothing in this JPA either expressed or implied is intended or shall be construed to confer upon or give any contractor, bidder, or other vendor, or any of their officers or employees, or any other person, corporation or governmental entity other than the parties themselves, any right, remedy, or claim under or by reason of this JPA.

IN WITNESS WHEREOF, the Parties hereto have executed this Joint Project Agreement on the dates indicated below.

Cost Allocation Summary

Allocation by total Project Square Footage	Total	School Board of Sarasota County	Sarasota County
Project Interior Square Footage by user	77,433sf	55,112sf	22,321sf
Share	100%	71%	29%

	Description	Cost	Allocation to Sarasota County	Sarasota County Allocation
1	Land Allocation	\$50,000/acre	3 acres	\$ 150,000
2	Architectural/Engineering Design Fees	\$ 1,041,991	29%	\$ 302,177
3	Additional Architectural/Engineering Fees requested by County	\$ 26,890	100%	\$ 26,890
4	Preconstruction Services	\$ 110,000	29%	\$ 31,900
5	Building Construction - Library Only	\$209/SF	22,321 Sq Ft	\$ 4,665,089
6	Site Construction (site work related to the Joint Project Only)	\$ 2,400,000	29%	\$ 696,000
	Subtotal			\$ 5,872,056
	Allowances and Contingencies:			
7	Construction Manager Contingency (use authorized by County)	\$ 200,000	100%	\$ 200,000
8	Owner's Construction Contingency (use directed by County)	\$ 200,000	100%	\$ 200,000
9	Surveying/Testing/Inspections fee allowance	Not To Exceed	29% of actual	\$ 147,500
10	Building Commissioning fee allowance	Not To Exceed	29% of actual	\$ 21,620
11	Surveillance/Access Control/CCTV/FF&E allowance (shared items outside of GMP)	Not To Exceed	29% of actual	\$ 137,000
	Subtotal - Allowances and Contingencies			\$ 706,120
12	State Legislature Appropriation			\$ (1,000,000)
	Total County Allocation	Not To Exceed		\$ 5,578,176
