Continuing Workforce Education:

Continuing workforce education courses receive partial funding through the district's State Workforce Allocation. However, at least 50 percent of expenditures for the continuing workforce education program provided by the school district must be derived from tuition and fees.

Continuing workforce education tuition is assessed at an hourly rate based on student contact hours. As a general rule, continuing workforce education courses will be assessed at 2.5 times the resident rate of Adult Occupational Programs.

The base tuition for Continuing Workforce Education is \$5.10 per hour.

This rate may vary to allow for unique course offerings that may be more expensive to administer.

In addition to the hourly tuition described above, all students enrolling in continuing workforce education program offerings will be assessed a registration fee (\$10) and a lab fee for each course they elect to attend.

Fee Supported Courses:

Occasionally, courses will be offered that do not meet the definition of continuing workforce education. In these cases, tuition and fees must be assessed to completely support the course offering. Tuition and fees for these courses will be determined on an individual basis by the administrator of the program. The student fees will be based on the expenses incurred by the program, including staff salary, materials consumed, facility usage, equipment, and administrative overhead.
