Briefly summarize the overall purpose/objective of the grant and indicate how this grant will contribute to the needs and goals of your School Improvement Plan and/or District Plan. *(Not grant activities)*

The project's goals are to increase parent involvement in the child's literacy development, encourage children and their parents to work through early literacy skills and strategies, as well as encourage parents to become a positive and caring force in their child's reading development. These help the district's goals to improve student literacy and reading abilities.

Briefly list grant program activities (what is going to be done with the grant funds):

The *Partners in Print* book series will be purchased and made available to elementary schools. A coordinator and three teachers from each school will present workshops to parents to increase parent involvement and improve literacy skills and strategies in our students.

Please provide a brief explanation of pertinent budget items that will be funded through this grant. *(Please indicate if funds will be used for new/old staff position, contracted services, travel, materials/supplies, equipment/furniture, facilities, and other applicable items.)*

Grant money will be used to purchase the *Partners in Print* program, including the English and Spanish libraries and companion materials. It also will pay for consumable materials and refreshments. In addition, one coordinator per school and three teachers per school will receive supplements.

How will grant activities be continued after the end of grant period?
Teachers will continue to use the new knowledge gained from the workshops long after they are over. If the Community Foundation does not renew funding, other activities will end.
