Grant Description

Please fill in all blanks. Do not refer to attachments in your summaries. Do not attach separate sheets.

Briefly summarize the overall purpose/objective of the grant and indicate how this grant will contribute to the needs and goals of your School Improvement Plan and/or District Plan. (Not grant activities)
The idea of this grant is to continue our Arts Integration Weller grant from last year. We have integrated the arts (drama, music, visual art, and dance) into the core academic areas, and now we would like to focus more specifically on music. With this grant, we would purchase a classroom set of electronic drum pads and sticks that can be used in the various general academic classes to incorporate rhythm, etc. into the classroom. Because our school has a magnet program for the Visual & Performing Arts, it is one of our goals to integrate the arts throughout the school.

Briefly list grant program activities (what is going to be done with the grant funds):
Our music teachers will demonstrate ways to incorporate rhythm and music into the general academic content areas by using electronic drum pads (i.e. math skills such as fractions, poetry, etc.). The general academic teachers will then use these pads as tools in the classroom to integrate music, which will both affect student achievement and increase student engagement.

Please provide a brief explanation of pertinent budget items that will be funded through this grant. (Please indicate if funds will be used for new/old staff position, contracted services, travel, materials/supplies, equipment/furniture, facilities, and other applicable items.)
25 Electronic Drum Pads will cost \$175 each, and 100 pairs of drum sticks will cost \$200. These items total with tax will cost \$4893.91. These items will first be used with our pilot team, and then dispersed throughout the campus so that all teachers have this tool that will help integrate music into the classroom.

How will grant activities be continued after the end of grant period?
Integrating the arts is a focus of our school, and we are just beginning this endeavor. We will continue to integrate the arts and find ways to increase the options of how to integrate the arts for all teachers. While each step of the process starts with the pilot team, we then go school-wide so that the entire school is integrating the arts.
