#### WHY THE Y?

Our focus is entirely on the character development of your children. That's why we go the extra mile by putting these important factors into our

program:

- Licensed by the Department of Children & Families.
   All Y staff are background screened, plus we have lower ratios, which means more individual attention for your child.
- A focus on healthy living and physical activity. This
  means we're shaping healthy habits for a lifetime. It
  boils down to fruits and veggies for snacks, water
  for drinks, age-appropriate physical activity and
  little to no screen time.
- All of our role models (aka counselors) are CPR & First Aid certified.
