Grant funds will allow the district to strengthen emergency plans and procedures throughout the district. By strengthening partnerships with local law enforcement agencies, mental and public health service providers, substance abuse providers, emergency medical resources, and the office of Emergency Management, this grant will allow us to be better prepared for emergencies.

Briefly list grant program activities (what is going to be done with the grant funds):

Goals include: conducting comprehensive evaluations of security challenges of multi-story buildings and non-traditional schools; creating new systems and processes for emergency management; completing in-depth assessments and crisis plans for schools serving disabled populations; and improving processes, systems and training to address issues of new school administrators, open campuses and decreased support personnel in schools.

Please provide a brief explanation of pertinent budget items that will be funded through this grant. (Please indicate if funds will be used for new/old staff position, contracted services, travel, materials/supplies, equipment/furniture, facilities, and other applicable items.)

Grant funds will be used to pay portions of salaries and benefits of staff involved in the project, as well as consultants, trainers, an evaluator, and stipends so teachers can attend training. Funds also will be used for supplies, materials, equipment, in-county travel and to travel to required grantee meetings.

How will grant activities be continued after the end of grant period?

At the end of the project period, the structures, training and processes will be in place and grant funds will no longer be required.
