Grant Purpose	According to Area 5 on our 2013-2014 SIP we are to allow students experience in STEM related activities which notes field trips that will allow them to experience different STEM activities.
Grant Activities	Students will attend a field trip to Myakka State Park. During the field trip they will be taking a water sample that they will bring back to school to study. They will also be exploring a natural Florida ecosystem on the field trip. They will be incorporating many different STEM activities after the field trip.
Grant Budget Items	The amount requested will pay for the entrance for the students, cover the bus cost, purchase microscopes for the school science lab as well as each 4th grade teachers classroom, as well as literature for each individual classroom library for the students to use.
After Grant Plans	Students will continue using the microscopes to study with in the computer lab and will also continue using the literature books to read on a daily basis in the classroom.
