

THE SCHOOL BOARD OF SARASOTA COUNTY TITLE I SUPPLEMENTAL EDUCATIONAL SERVICES CONTRACT

THIS SUPPLEMENTAL EDUCATIONAL SERVICE PROVIDER AGREEMENT ("Contract") is made and entered into 7/29/08, between the School Board of Sarasota County (hereinafter referred to as "the District"), a body corporate under the Laws of the State of Florida, 1960 Landings Blvd., Sarasota, FL 34231, 941-927-9000 and **A++ at JFK Tutoring**.

Supplemental Educational Service Provider (hereinafter referred to as "the Provider") for the purpose of providing Supplemental Educational Services (SES) to eligible students as agreed upon in a separate Student Learning Plan (SLP). Eligible students are those students who have been identified by the District as meeting specific requirements under No Child Left Behind (NCLB) and State Statutes, and Title I section 1116(e)

WHEREAS, the District is authorized by NCLB and the State of Florida to enter into an agreement with State Approved Supplemental Educational Service Providers for the aforementioned purpose of providing SES tutoring services to eligible students at Title 1 schools that did not make Adequate Yearly Progress (AYP).

WHEREAS, Provider represents that it has been approved by the Florida Department of Education and is on the current list of State Approved Providers for school year 2008-09 to provide services for Sarasota County School District, and is specially trained, experienced, competent to perform the SES required by the District, and such services are needed on a limited basis;

WHEREAS, the No Child Left Behind Act, Section 1116, 20 U.S.C. 6316(e) outlines the requirements for supplemental educational services and contracts with providers;

WHEREAS, Provider has been approved by the State of Florida Department of Education and has met the qualifications to be certified as a Supplemental Educational Services Provider; and

WHEREAS, Provider is willing to provide such services to the District's eligible students if selected by the parent/guardians of eligible students;

NOW THEREFORE, in consideration of the above recitals, which are hereby deemed to be incorporated into this contract as an integral part hereof, and not mere recitals hereto, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Provider and the District hereby agree as follows:

Definitions

- **SES Eligible Student** – students from low-income families, as determined by the school district, who are attending a Title I funded school that is in year two or beyond of school improvement, corrective action or restructuring.
- **Student Learning Plan (SLP)** – NCLB requires each school district to enter into an agreement with the state approved provider selected by a parent. This agreement is recognized in Florida as the SLP and must be developed in consultation with the student's parents and the provider. The plan must include a statement of specific achievement goals for the student, how the student's progress will be measured, and a timetable for improving achievement that, in the case of a student with disabilities, is consistent with the student's Individualized Education program (IEP) under Individuals with Disabilities Education Act (IDEA) or the student's section 504 plan. The SLP must also describe how the student's parents and teachers will be regularly informed of the student's progress.

- **Parent/Guardian** – For the purpose of this contract, a parent is the natural or adoptive parent, legal guardian, or surrogate parent as indicated by the judicial system.

1. TERM

The term of this Agreement shall become effective upon full execution of the contract by both parties and shall remain in force until June 30, 2009. No payments will be made to any Provider who exhausted the student allocation and continued services.

2. STATEMENT OF GOALS/STUDENT PROGRESS/ATTENDANCE

The Provider Agrees to:

- A. To comply with School Board Policy not to disclose to the public at any time the identity of the student receiving supplemental services and to be in compliance with Family Educational Rights and Privacy Acts (FERPA).
- B. To provide services in accordance with all applicable civil rights laws, IDEA (Individuals with Disabilities Education Act), the Florida Consent Decree, and by the criteria established by the State regarding the approval of SES Providers.
- C. To provide accurate records of attendance for students. Payment will not be made for any absences.
- D. **Statement of Goals.** For each eligible student whose parent elects to receive SES from Provider, Provider shall develop a statement of achievement goals in consultation with the student's parent and District. These goals are based on SSS and meet the needs of the student. Provider shall make no changes to, or terminate, any student's statement of achievement goals without the written consent of the District and the student's parent. This consultation between the Provider, the District and each eligible student's parent(s) shall be held before any supplemental services are rendered. Provider shall not be reimbursed for any supplemental services it renders before this consultation has occurred.
- E. **Progress Reports.** For each student to whom Provider gives services under this Agreement, Provider shall, by the 10th day of each month after services have been rendered, send to the District and the student's parent(s), written reports describing the student's progress, including benchmark data. Provider shall give these reports in the following languages: English, Spanish, Russian, Ukrainian, Vietnamese, and Haitian Creole if requested by parent. All Progress Reports shall contain the student's name, school, homeroom teacher, the goal(s) the student is working towards, and the percentage of each tutoring goal accomplished as evidenced by tutoring work completed. The student's attendance and level of participation must also be included.
- F. **Records of Attendance/Invoice.** With each invoice, Provider shall submit **monthly** records of student attendance on a form or forms provided by the District, including the name, address, and school of student; the hourly rate for the service given to student; the name of Provider's employee who rendered the service; the amount of time of such service for each day (measured to the nearest five minutes and initialed by the student's parent/guardian or the student if parent/guardian is absent); the total number of hours of such service for **that month**; and the amount due. The **first** month's invoice **must** be accompanied by the completed (goals & signatures) SLP of students who are being invoiced, indicating exact hours for tutoring in math and reading. This procedure is in effect for all students for whom the Provider has invoiced. An incomplete SLP will result in no payment. Providers shall, by the 10th day of each month after services have been rendered, send to the District the said invoice for payment. If corrections need to be made on invoice, Provider has 5 working days in which to correct any discrepancies.

Failure to timely submit (invoice must reflect the **prior month's** services) will delay payment, and in some cases payment may be refused. Each record shall be signed by a representative of Provider, a representative of the District and the Director of NCLB/Federal Grants. **Accurate reporting of attendance and progress MUST be submitted monthly for the previous month's services.**

- G. Student Learning Plan (SLP). For each student receiving SES services, the Provider, the District and the student's parent(s) will enter into a SLP which, at a minimum, will detail how the student's progress will be measured, a timetable for improving achievement that, in the case of a student with disabilities, is consistent with the student's individualized education program, a listing of the number of sessions per week/month, the time and location of the sessions, and the type of service to be provided.

Provider further agrees:

- A. To supervise students at all times, including through the end of tutoring and until parent pick-up or appropriate arrangements are met. One session of tutoring is equivalent to one hour; however Provider must supervise student/s after tutoring until the student has been picked up by parent. The Provider must check the ID of the person picking up the child to make sure it matches an individual allowed to care for that child if the person is unknown to the Provider.
- B. The cost of the fingerprinting will be borne by the Provider or individual and shall be performed at the School Board Central Office in the Security Department. The Provider agrees that no individual will provide services to students prior to the School Board's receipt, review and approval of the Level 2 Screening results. The Provider agrees not to hire applicants whose Level 2 Screening results reveal non-compliance with standards of good moral character and to ensure that no employee of the Provider working with students of the School Board has been convicted of a crime involving moral turpitude or any offense listed in section 435.04, Florida Statutes (2005). Computer-based Providers shall provide specific criminal background checks to the School Board for approval of security clearance. Notify the School Board within twenty-four (24) hours of an accident or incident when a pupil has suffered an injury or injured another individual or has been involved in an activity requiring notification of law enforcement or emergency personnel. The facility usage agreement is a contract within individual schools and the Provider, and is determined by "space available" for The Provider at each school. If space is limited, the Provider who has made application and signed a contract to rent space at that facility **first** will be considered **first**. The agreement between the school's principal and The Provider may be null and void if the availability of space becomes an issue, or if The Provider fails to comply with the facility usage agreement. "In order for your child to be eligible for free tutoring, your child must attend a Title I School in its second year of school improvement AND be eligible for Free or Reduced Price Lunch for the 2008-2009 school year." Failure to comply with all marketing requirements will result in this contract becoming null and void.
- V. To be bound by the Code of Professional Conduct and Business Ethics for Supplemental Educational Services Providers and any amendments to any State or Federal laws referenced in this Contract or which impacts the SES. The Provider agrees to have a company representative share the state guidelines for Ethical Conduct with all employees. All employees (with direct or indirect contact with LEA students) will sign an agreement indicating that they will follow the Ethical conduct guidelines. As reflected in the Assurances Section of the Provider's state application, Provider agrees to adhere to the SES Provider Code of Ethics of the Education Industry Association (EIA) as revised January 8, 2008, a copy of which is attached to this agreement. The Provider shall refrain from making disparaging remarks about the LEA, its employees, facilities, curriculum or instructional practices. Negative or slanderous comments regarding any aspect of the LEA will be grounds for immediate termination of the contract. The Provider may not request that these employees engage in any activity that is not permitted under the FCEE.

Provider agrees to utilize District's SES software to upload and print monthly attendance rosters, document tutoring location, develop the Student Learning Plan, record attendance, and print and submit invoices. Provider agrees to keep the District's SES software up to date within two weeks of services rendered. As long as the District's SES software is functioning properly, any Provider support calls to the SES software company over two hours per contract will be at Provider cost. This cost will be clearly documented and deducted from Provider's invoices.

- X. **INDEMNIFICATION:** The Provider shall indemnify, keep and save harmless The School Board, its agents, officials and employees against all injuries, deaths, losses, damages, claims, patent claims, suits, liabilities, judgments, costs and expenses, which may accrue against The School Board arising out of the performance of or failure to perform services required by this Contract, whether or not it shall be alleged or determined that the act was caused through negligence or omission of The Provider or its employees. The Provider shall pay all charges of attorneys and all costs and other expenses incurred in connection therewith, and if any judgment shall be rendered against The School Board in any such action, The Provider shall, at its own expense, satisfy and discharge the same. The Provider expressly understands and agrees that any performance bond or insurance protection required by the Contract, or otherwise provided by The Provider shall in no way limit the responsibility to indemnify, keep and save harmless and defend The School Board as herein provided. Nothing herein shall be deemed to constitute a waiver of sovereign immunity on the part of the District or to affect, limit or reduce the protection afforded the District under the provisions of Section 768.28, Florida Statutes.

The indemnity hereunder shall continue through such time as any and all claims arising out of The Provider's performance or failure to perform under this Contract have been finally settled, regardless of when such claims are made.
