The School Board of Sarasota County, Florida
2013-2014 Budget Executive Summary
September 10, 2013

Introduction

The Budget Executive Summary is a general overview of the total budget of the Sarasota County School Board. It provides information regarding current and projected fiscal operations of the Sarasota County School Board. Each fund in the summary has a detailed booklet available that provides more in-depth information. Any additional questions should be addressed to the Sarasota County School Board Finance Department located at 1960 Landings Boulevard Sarasota, Florida, 34231. All 2013-2014 Summary and Detail Budgetary information is available on the Sarasota County School Board web site in the district financial information.

Sarasota County School Board Vision Statement

The School District of Sarasota County places learning at the center of its activities to enable all learners to lead productive, responsible, and healthful lives.

Sarasota County School Board Mission Statement

The School District of Sarasota County prepares students to achieve the highest learning standards by engaging a high quality staff, involved parents, and a supportive community.

Sarasota County School Board Strategic Plan

The 2013-2014 budget reflects the priorities established in the Strategic Plan. The plan is based upon five pillars that provide the focus and structure from which the school district will build success. The five pillars are Quality, People, Service, Resources, and Safety. The Quality pillar focuses on measured results for student achievement. The People pillar is founded on maximizing the value of our staff, partners and stakeholders. The Services pillar is promoting courteous, professional, efficient and productive interactions among staff, students, parents, and visitors. The Resources pillar is focused upon ensuring full and equitable use of our facilities, systems and funding. The Safety pillar is protecting our resources, staff, students, parents and visitors.

Sarasota County School Board Budget Process and Timelines

The budget development process is a year round continuous process. Student projections are forecasted over a five year period identifying both operating and capital needs. The 2013-2014 budget process began with the first budget workshop being held on October 16, 2012. At the November 20, 2012, budget workshop it was agreed that the unassigned fund balance would be reduced to 7.5% and approximately \$1.5 million would be reduced from the 2013-2014 budget. At the February 19, 2013, budget workshop the School Board reviewed a two year projection of the General Fund estimated operations through 2014-2015. The estimate for the 2014-2015 budget was a reduction of approximately \$6 million. It was agreed to make a reduction of \$3 million over the next two years. At the March 19, 2013, budget workshop the School Board reviewed and agreed to approximately \$3.8 million in reductions. A study by MGT of America, Inc Financial Management that was released in January of 2012, recommended yearly savings of approximately \$3.7 million to \$5.4 million. In the first year 31% of the recommendations were implemented and are continuing into the 2013-2014 fiscal year. For the 2013-2014 fiscal year approximately \$3.8 million is being reduced from the General Fund, of which 76% of the reductions were items listed as recommendations in the MGT study.

Sarasota County School Board Budget Process and Timelines - continued

The legislation that controls when the school board must have public hearings regarding the millage rates and budget can be found in Florida Statute 200. The 2013-2014 Tentative budget hearing is scheduled for 5:15PM, July 30, 2013, with final adoption of the budget at a public hearing scheduled for 5:15PM, September 10, 2013.

Sarasota County School Board Significant District Accomplishments **2011-2012 and 2012-2013**

- Sarasota County School District remains an “A” district and is ranked 3rd in the state’s ranking of all Florida school districts. In the state of Florida there are only 5 school districts ranked as “A”.
- The efficiency and effectiveness study conducted in November by MGT of America concluded the following: “It is important for the community to understand that SCS is one of the best-run districts that MGT has reviewed. Morale and performance, including innovative practices, are unusually high in SCS.” The report also said that Sarasota County students are succeeding at levels much higher than the state average, the district maintains strong community support and our strategic planning process is one of the best in the nation. In all, the report contained 73 commendations for district programs and practices, about 20 more than MGT usually gives to comparable sized districts.
- The district has endured five consecutive years of operating budget reductions amounting to \$124.4 million and elimination of 651 positions from all funds since 2007-2008. The 2012-2013 employee collectively bargained contracts contained an effective 2.2 percent salary bonus following two previous years of frozen wages and 1 year of a 4 percent reduction. Nevertheless, the district has maintained a productive collaboration with its employees. District teachers and staff remain committed to teamwork and student success, as has been demonstrated by our high levels of student achievement. Negotiations for the 2012-2013 collectively bargained agreements were settled in early May of 2012, placing Sarasota County among the first in the state to reach an approved agreement with its employees for 2012-2013. Although the budget contained an average non-recurring 2.2 percent bonus, the contract provided no increase to the salary schedule for the fourth consecutive year. Despite the continuation of frozen salaries the agreement was ratified by more than 96 percent of employees. Negotiations for the 2013-2014 year will begin in August of 2013. The state has provided a specific appropriation in the fiscal year 2013-2014 education budget that can only be used for salary increases.

Total Sarasota County School Board Funds

The 2013-2014 Appropriations Budget for all District Funds totals, including the school internal accounts, \$769,404,053. The School Board establishes a budget for six separate funds. The largest of which is the General Fund.

- 1). The General Fund accounts for the general operations of the school district. All of the School District revenues and expenditures are to be accounted for in the General Fund unless there are legal reasons to report them in another fund type. The general operations of the school district include teacher salaries, custodian salaries, bus driver salaries, utilities, supplies, instructional materials, professional services, etc.
- 2). The Special Revenue Fund is used to account for revenue sources earmarked for a specific purpose. The Special Revenue Fund is composed of special state and federal grants and the National School Lunch program. The major revenue sources in the Special Revenue Fund are Title 1, Individuals with Disabilities, and the National School Lunch program.
- 3). The Debt Service Fund is used to account for funds to meet current and future debt service obligations. The School District debt revenues are from state funds and transfers from the Capital Fund. The School District does not have any taxpayer voted debt.
- 4). The Capital Projects Fund is used to account for financial resources received for the acquisition or construction of major capital facilities. The State of Florida has a legal requirement that the revenue received from the 1.5 mill property tax levy be recorded in the Capital Projects Fund. The expenditures allowed from the 1.5 mill levy are for major capital acquisitions, maintenance and repairs, and payments for loans. A portion of the 1.5 mill levy is transferred to the General Fund for maintenance and equipment expenditures and to the Debt Fund for the payment of principal, interest, and fees related to outstanding debt obligations.
- 5). The Internal Service Fund is to account for and report the risk financing activities of the School District. In 1985, the School District began self insuring its worker's compensation program. Currently, worker's compensation, general liability, automobile - transportation liability, and other purchased employee benefits are reflected in the Internal Service Fund.
- 6). The Trust and Agency Fund, commonly called the Student Activity Fund, is used to account for the financial transactions of school classes, clubs, school benefit activities, etc.

Actions taken since the economic downturn of 2008

The table below contains the yearly amounts that have been reduced from the General Fund Budget. The details of the reductions are contained in the General Fund Executive Summary Appendix A. These reductions were a combination of budget reductions and cost avoidance actions.

General Fund Fiscal Year Budget Reductions	Savings
Fiscal Year 2007-2008	\$8,572,636
Fiscal Year 2008-2009	\$31,882,217
Fiscal Year 2009-2010	\$42,368,111
Fiscal Year 2010-2011	\$21,185,501
Fiscal Year 2011-2012	\$12,835,188
Fiscal Year 2012-2013	\$3,728,242
Fiscal Year 2013-2014	\$3,837,981
Total budget reductions for the past seven fiscal years	\$124,409,876

Capital Projects Fund Budget Revenue Reduction Impact

The Capital Projects Fund budget reduction from 2007-2008 through what is estimated for 2013-2014 is a reduction of 49.3% or \$81.5 million. This revenue reduction has pushed many projects into the future. Those projects that were determined to be of high importance have been funded primarily through the issuance of debt. Under the American Recovery and Reinvestment Act of 2009, the School Board of Sarasota County, Florida was able to secure funding at a net interest rate of .09% for the rebuilding of Booker High School. The rebuild of Venice High School and the Sarasota County Technical Institute have been financed through the issuance of Certificates of Participation at interest rates ranging from 2% to 5%. A more detailed explanation of the financing is contained in the Debt Service Funds budget. These projects have created much needed construction jobs in the Sarasota community. It is estimated the rebuild of Booker High School is employing 25 percent from the local neighborhood community, 40 percent from Sarasota County and over 70 percent from the four county area. The rebuild of Venice High and the Sarasota County Technical Institute is also using local contractors which have helped to ease the high unemployment rate in the construction sector.

How the School Board of Sarasota County is Funded

The Florida Legislature annually sets the majority of funding for all school districts. The majority of the funding for school districts is contained in Florida Statutes 1010 and 1011. Other supplemental funding for instructional programs is received from federal entitlement programs that are for specific purposes. The operating fund for school districts is a combination of property taxes, state general revenue, and fees. All millage rates that the school district is allowed to levy are contained in the Florida Statutes. The major portion of the school district annual millage levy is mandated by the Florida Legislature. The mandated portion is called the required local effort millage for funding the general operations of the school district. The other millage levies authorized are at the discretion of the school board. In 2010, the voters of Sarasota approved a 4 year extension of a 1 mill levy for operating purposes. This voted millage is funding 497 positions. The details of the voted millage revenues and appropriations since its original approval in 2002 are contained in the General Fund Executive Summary Appendix B.
