Grant Purpose/Objective Information	
Estimated Start Date	3/2/2018
Estimated End Date	3/2/2018
Grant Purpose	The entire 7th grade from Booker Middle will attend a field trip to Mote Marine Laboratory. At Mote, students brake into small groups and rotated through a series of educational activities that related back to ocean life and marine biology. The activities included a hands-on squid dissection, an auditorium lecture centering on life in the oceans, they will sit in on a class focusing on ocean invertebrates and echinoderms, and they will be guided on an exploration of the aquarium exhibits and
Grant Activities	This trip will be an eye-opening, life changing, and knowledge building experience for our students and many of our teachers. Students will be engaged in a variety of learning classroom while at Mote Marine. From a squid dissection, to learning of how sharks have adapted over time. The students will be actively leaning every moment they are there.
Grant Budget Items	4000 dollars is the payment to Mote for the students. 1000 dollars is for the transportation of students.
After Grant Plans	Students will be assessed on the "in-class" activities they completed at Mote as well as subsequent formative and summative assessment based on the related life science standards. The students will be qualitatively assessed in surveys and journals and through their use of accountable talk. They will also be quantitatively assessed on their pre-trip activities, classroom performance at Mote, subsequent projects that result from their experience at Mote, and tests relating to the content area m
