Grant Purpose	There is a growing interest in intergenerational learning within our society. To service this need, ACE developed a program to include families with children ages 10 and older, and this year we have offered such classes for family pairs. What makes these classes unique is that adults and children participate together. This is not a program where the children are the participants while grandparents or parents are the bystanders. Our goal is to include members of families from all income levels.
Grant Activities	Fun, interactive classes will be offered to families including classes in art, cooking, gardening, bike maintenance, jewelry making, website building, photography, and more.
Grant Budget Items	Funds will be allocated in the following areas: program coordinator, instructional support staff, course instructors; office and classroom supplies; promotional materials; tuition reimbursement for 50% to 100% scholarships for minor students and their family members
After Grant Plans	We hope to build the program to be able to offer similar classes in the future.
