# Projected Results of Operations for the 2014-2015 Fiscal Year Based upon Results of Operations through February 28, 2015

#### **Executive Summary**

The General Fund has been updated based upon the results of operations through February 28, 2015. The state revenue changes are based upon receipt of the 3<sup>rd</sup> calculation of the Florida Education Finance Program that is based upon the October student FTE count. State wide the number of students reported for funding in October was almost double what the state forecast was. This has caused a state wide proration of funds in the amount of \$62,742,709 to be reduced from all school districts. The proration to Sarasota is approximately \$1 million. Local revenues have updated to reflect an estimated 97% collection rate of property taxes and other miscellaneous local sources has been revised based upon results of operation through February 28, 2015. The change in transfers-in is estimated at this time to increase based upon results of operations as of February 28, 2015. Appropriations have been adjusted to reflect the negotiated salary settlement, transferring approximately \$533,000 of federal I.D.E.A. grant appropriations into the General fund, due to federal sequestration, and revising all other estimated appropriations based upon results of operations through February 28, 2015. In summary, the ending gross fund balance as of June 30, 2015, is estimated to decrease by \$4,000,419. The original budget approved September 16, 2014 was to use \$3,463,452 of the unassigned fund balance. The ending unassigned fund balance as of June 30, 2015, is estimated to be \$34,859,127 or 8.68% of total appropriations. The financial pages of the operating fund follow the table summary information below.

In the below tables are explanations of the changes from the original budget.
