<b>Grant Purpose/Objective Information</b>	
Estimated Start Date	3/1/2018
Estimated End Date	4/15/2018
Grant Purpose	Our first objective is for students to understand the parts of the plant. Our second objective is for students to understand what plants need to grow. Our third objective is to compare the sizes of plants. Our final objective is the students will be able to connect literature to a real world experience. The students will explore using their science skills, collaborating with peers, observing and recording their observations while in the garden, they will classify different kind of plants, the
Grant Activities	The student will be having a hands on experience with plants in a garden setting. The students will be able to connect a piece of literature to what they explore in the garden. The students will have a hands on experience in math in areas of measurement, comparison of plants and shapes that are seen on the plants.
Grant Budget Items	Buses will be funded through this grant (3 buses in total). The cost of the 10.00 person student will be funded through this grant as well as the 10.00 per each of the 7 chaperones. The two books that will be used: Garden Book and Plant Parts to connect literature to our visit in the garden (1 book per each teacher 7 teachers in total, the teachers will get 1 copy of each book so 2 books per teacher)
After Grant Plans	The students will have to draw a picture of what they saw at the garden and write a sentence to connect to their picture. The students will also create a plant on paper and

	label the parts of the plant. The students will continue to take what they learned at Selby gardens to work in our school garden here at school.
