Welcome to Sarasota County School Board

Welcome to the School Board of Sarasota County!

The School Board of Sarasota County sets policy for the school district that advances educational opportunities for all students. Comprised of five members elected county-wide, each School Board member serves four-year terms on an alternating basis and work to address legislative priorities that best meet the needs of the 63,000 students in the school district. School Board members are also responsible for appointing a school superintendent who directs the day-to-day academic and operational strategies of the school district.

School Board meetings take place twice a month - check out the upcoming calendar for agenda items and opportunities to address the Board during public meetings.

Members of the community are welcome to reach out to School Board members directly to notify them of ideas and feedback pertaining to education in Sarasota County.
