The Program and Staff

The Venice YMCA School Age Programs is a licensed and accredited center. We are dedicated in providing quality school age child care to residents in the South County and surrounding areas.

Children are placed in age appropriate groups and participate in a daily rotation that includes but is not limited to, homework time, arts & crafts, guest speakers, enrichment programs/ speciality clubs, physical fitness activities, learning centers and much more. The YMCA provides a nutritious daily snack.

Our School Age Child Care staff is specially selected, trained and screened by local and state agencies. Because the children are very important to us, ongoing training is required.

**Payment plans
and registration**

**Registrations fees per child
*Non-refundable/Non-transferable***
