Grant Purpose	At our school, our students have shown that they can make learning gains. Our focused goal is to increase our students' proficiency, which is well below 50%. Our plan

	is to target reading in a way in which serves to develop both our students, as readers and lovers of reading, and our teachers, as instructors. Leveled Literacy Intervention (LLI) has proven to be the tool that will meet the needs of this focus.
Grant Activities	After all LLI and Benchmark Assessment kits are purchased and the program is up and running, all students will be assessed using the Benchmark Assessment kits. Their reading levels, as well as their reading strengths and needs will be identified. Grade-level teams meet to analyze data to determine which students are reading significantly below grade-level. Leveled Literacy Intervention groups are populated and each teacher on the grade level conducts a daily LLI group during the intervention
Grant Budget Items	2 LLI Red Kits 1 LLI Blue Kit 1 Guided Reading Library 3-5 3 Benchmark Assessment Kits System 1 3 Benchmark Assessment Kits System 2
After Grant Plans	Once all kits and assessments are in place, there is no additional costs year-to-year, beyond replacing missing books when needed and copying assessment recording sheets. It is a program that will continue to meet our students where they are at, and propel them forward in their reading toward proficiency year after year.
