Grant Description

Please fill in all blanks. Do not refer to attachments in your summaries. Do not attach separate sheets.

Briefly summarize the overall purpose/objective of the grant and indicate how this grant will contribute to the needs and goals of your School Improvement Plan and/or District Plan. *(Not grant activities)*

The purpose of this non-infrastructure proposal is to increase the number of students walking and biking to Tatum Ridge Elementary School each day, while increasing student knowledge about pedestrian and bicycle safety and helping to enforce traffic and school speed zones around the school. This meets the *NeXt Generation* pillar of "Safety."

Briefly list grant program activities (what is going to be done with the grant funds):

If funded, funds will be used by the school for education, encouragement and enforcement activities, including a Bike Rodeo and Walk to School Days, plus the purchase of curricular and educational materials.

Please provide a brief explanation of pertinent budget items that will be funded through this grant. (Please indicate if funds will be used for new/old staff position, contracted services, travel, materials/supplies, equipment/furniture, facilities, and other applicable items.)

Grant funds will be used for a teacher stipend (for the Walking Coordinator), printing, educational materials, promotional materials, promotional items to encourage students to walk/bike, video tapes and a TV to play the Public Service Announcements students create about safety issues.

How will grant activities be continued after the end of grant period?

Once the materials are purchased and participation in the Walking School Buses become a habit for students, the program should be self-sustaining. PTO funds may be used to purchase promotional items after the grant period.
