

School Board of Sarasota County, Florida  
**Sarasota County Technical Institute**  
4748 Beneva Road, Sarasota, FL 34231

**Request School Board Approval for SCTI Fee Structure for 2007-08**

**Background:**

Florida Statute provides for and requires the charging and collecting Tuition from adults for post-secondary programs funded by the Workforce Education Fund. (Section 1009.22, F.S., Workforce Development Fees for school districts.)

This section of statute also authorizes local school boards to establish lab fees for Workforce Education programs, fees for Continuing Workforce Education programs, and other programs not reported to the Department of Education for funding purposes.

The General Appropriations Act for FY 2008 passed the legislature, but the governor vetoed the tuition increase. Further resolution of the tuition fees may be forthcoming. The presented fees are based on no tuition increase, per the governor's veto. We request authority to increase the tuition rate should the state government mandate an increase in the future.

As part of this request, SCTI is also including high school fees.

THE SCHOOL BOARD OF SARASOTA  
COUNTY, FLORIDA
