CHANGE ORDER NO. SIX (6)

BOARD DATE: July 19, 2011

ITEM 1)	Description:	This change order reflects the Estimate to reflect actual cost	the reconciliation of this contract, by revising the Control is of the project.					
	Reason for Change:	more closely reflect actual co Contract Between Owner an	hat adjusts the individual line items in the Control Estimate to al costs. This change is required as part of Article 15.2 of the r and Construction Manager Where the Basis of Payment is a Fee With a Negotiated Guaranteed Maximum Price dated					
	Impact to CM-GMP:	The net cumulative cost of these changes is a deduct of \$1,266,322.54 as indicated on the change order attachments. This contract was entered into before the final Sitework or Phase 1 Documents were complete so that work could commence as soon as school was out. The reason for the large deduct is that many of the items originally anticipated to be included in this scope of work were rolled into the Sitework and Phase 1 Bid Packages as their designs were completed enabling the subcontractors to submit competitive hard bids for the work.
