Grant Purpose	Students will benefit from the interactions and learning about human responsibility in animal sustainment. Under our School Improvement Plan, the mission of Alta Vista Elementary School 'is to help all students become productive, responsible citizens who will adapt and grow intellectually, socially, emotionally, and physically in a changing world. This will be accomplished by providing learning opportunities in an environment that reflects community, culture, values, and needs.'
Grant Activities	Grant funds will go towards the interactive shows and exhibits, including admission price and busing, for students to visit Jungle Gardens. In addition to learning in the moment, students will be given curriculum based materials from Jungle Gardens that will be used in the classroom during our summer Eagle Academy in learning about habitats, animal survival and adaptations.
Grant Budget Items	The grant will provide for approximately 180 2nd and 3rd grade students for a single admission prices of \$6.99. For the 16 adult chaperones to attend, their admission is \$10.99 per adult. Busing costs require 2 buses per trip to accommodate all students and chaperones at a rate of \$50/hour per bus.

After Grant Plans	After the Jungle Gardens trip, students will continue to assess their learning, including writing and reading activities within their Eagle Academy classrooms. They will reflect on human behaviors as they relate to animal survival rates, habitat and environmental changes and propose solutions to help curb animal endangerment.
