<b>Grant Purpose/Objective Information</b>	
Estimated Start Date	6/29/2016
Estimated End Date	8/1/2016
Grant Purpose	Based on the benefits of Inquiry-based learning and hands-on scientific exploration for our students at the summer Eagle Academy program, students will be engaged in local marine life habitats and learning through reading, hands on science and real world scientific explorations through guided inquiry.
Grant Activities	Students will explore an estuary while gaining an understanding of habitats and wildlife that live there. They will learn what a watershed is and the importance of protecting it. As well, students will identify native plants and habitats that support Florida life. Guided explorations will help students to navigate their learning.
Grant Budget Items	Funding for guides and transportation costs to Ken Thompson park, including materials given to students before their exploration and after in order to foster sustained learning.
After Grant Plans	All student's observations and discovery will come home with the student for further in-depth learning. The student will be given reading materials regarding the learned and applied science from the trip to further their knowledge beyond the day's activities.
