Writer City	
Writer State	
Writer Zip Code	
School Served	Pine View
Number of Staff Impacted	8
Number of Students Impacted	80
Number of Parents Impacted	160
	Grant Purpose/Objective Information
Estimated Start Date	1/1/2018
Estimated End Date	1/1/2023
Grant Purpose	Problem solving, critical thinking and collaboration are 21st century skills. Having students work with LEGO robots, these important skills in addition to the buzz acronym STEAM, begin the investigation of the future at the elementary level.
Grant Activities	The grant funds will be used to purchase 10 EV3 LEGO robotics kits and storage bins. The rechargeable battery has a lifespan of approximately five years when used properly.
Grant Budget Items	All pertinent items will be purchased with this grant. Three other local granting organizations have been approached to increase the inventory of robots.
After Grant Plans	Hopefully, the robot inventory is increased to having 30 kits and I do not have to approach granting organizations for five more year.
