The School Board of Sarasota County, Florida General Fund Budget Work Session March 17, 2015

Executive Summary

The Governor's budget recommendation for the 2015-2016 Florida Education Finance Program is for a 4.46% increase in total funds. The base student allocation is increasing \$146.08 per student FTE. The Final Legislative budget approved for the 2014-2015 fiscal year was an increase of 3.14 % utilizing a base student allocation of \$4,031.77. The 2015-2016 fiscal year budget is based upon an estimated statewide student enrollment increase of 17,846.16 student FTE. The current fiscal year has a statewide student enrollment FTE increase of 25,840.71. The increase in students for the 2014-2015 fiscal year has caused a state wide proration of funds in the amount of \$62,742,709. The proration to the Sarasota County Schools is \$974,977. The General Fund 2015-2016 preliminary budget beginning fund balance has been based upon the results of operations through February 28, 2015. This includes the 3rd calculation of the Florida Education Finance Program based upon the October 2014, student FTE count. Local revenue estimates for 2014-2015 have been updated to reflect an estimated 97% collection rate of property taxes and other miscellaneous local sources have been revised based upon results of operation through January 31, 2015. The 2014-2015 change in transfers-in is estimated at this time to increase based upon results of operations as of February 28, 2015. Appropriations for 2014-2015 have been adjusted to reflect the negotiated salary settlement, transferring approximately \$533,000 of federal I.D.E.A. grant appropriations into the General Fund, due to federal sequestration, and revising all other estimated appropriations based upon results of operations through February 28, 2015. In summary, the ending gross fund balance as of June 30, 2015, is estimated to decrease by \$4,000,418. The beginning unassigned General Fund estimated Fund Balance as of July 1, 2015, is estimated to be \$34,859,128 or 8.68% of total estimated appropriations for 2014-2015. The estimated revenues for 2015-2016 are estimated based upon the Governor's budget request adjusted for a student increase of 911 students. The local voted millage has been increased based upon a tax roll increase of 6%. The estimated 2015-2016 appropriations have been increased to reflect the following: A total student enrollment increase of 938 students including charter schools, an estimated salary increase of 1.25%, based upon negotiations approved in December 2014, group medical insurance increase of 10%, effective January 1, 2016, reduced federal funding of the Individuals with Disabilities Grant requiring the General Fund to absorb approximately \$300,000 in increased appropriations, discontinuance of the Federal Race to the Top Grant requiring the General Fund to absorb approximately \$114,000 in increased appropriations, and a 2% consumer price increase of other non-salary appropriations. Using the above assumptions to prepare the 2015-2016 preliminary budget reduces the unassigned estimated fund balance by \$3,325,868 to \$31,533,261 or 7.48% of total 2015-2016 appropriations.

The detailed financial pages of the General Fund for the years 2012-2013 through the preliminary budget of 2015-2016 are attached after the table summary comparing the Governor's budget to the projected results of operations for 2014-2015.
