| Number of Students Impacted | 200 |
| Number of Parents Impacted | 400 |
| | Grant Purpose/Objective Information |
| Estimated Start Date | 7/1/2014 |
| Estimated End Date | 6/30/2017 |
| Grant Purpose | The purpose of this non-infrastructure proposal is to increase the number of students walking and biking to targeted elementary schools, while increasing student knowledge about pedestrian and bicycle safety and helping to enforce traffic and school speed zones around the school. This grant will extend the current grant and project. |
| Grant Activities | Funds will be used by the school for education, encouragement and enforcement activities, including a Bike Rodeo and Walk to School Days, plus the purchase of curricular and educational materials. |
| Grant Budget Items | Grant funds will be used on a teacher stipend (for the Walking Coordinator) at each school, a district-level Walking Coordinator and Assistant District Walking Coordinator, printing, educational materials, and promotional items to encourage students to walk/bike. This is a reimbursement grant, so district funds will need to be reimbursed with the submission of receipts. |
| After Grant Plans | Once the materials are purchased and participation in the Walking School Buses become a habit for students, the program should be self-sustaining. PTO funds may be used to purchase promotional items after the grant period. |
| | Grant Budget Information |
| Indirect Costs | 0 |
