Re: Sarasota County School Board - Lamarque Elementary IAQ Concerns

Dear Mr. Dumas:

As we have discussed, Sarasota County Schools is interested in having me assist your team with investigating the on-going health complaints of a number of staff members at Lamarque Elementary School. Based upon the information available to date, I am proposing the following work tasks in order to complete this project, along with the projected costs, as noted below:

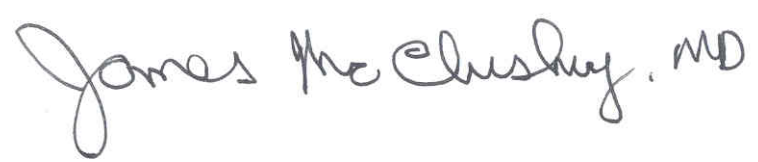

- | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 1. Clinical Evaluation of (25) individuals @\$2,500 per person
(Includes exam, travel and travel time for each exam) | \$62,500.00 |
| 2. Medical Record Review, Literature Review and Report Preparation (25)
(Based upon prior experience, \$5000/person, or 11.5 hours @\$435/hour) | \$125,000.00 |
| 3. Clinic Rental Expenses Reimbursement @\$250 per person (25)
(Appropriate documentation will be submitted) | \$6,250.00 |
| 4. Review of Documents and Additional Interaction with Team
Estimate – 50 hours @ \$435/hour | \$21,750.00 |

TOTAL ESTIMATED EXPENSES: \$215,500.00

The above amounts are simply estimates, and will clearly depend upon the number of individuals that I am asked to evaluate, as well as the breadth of the individual records and/or health complaints. The county will only be billed for the work completed, and documentation will be gladly provided regarding any expenditure.

Please do not hesitate to contact me directly if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "James McCluskey, MD". The signature is written in a cursive style with a large initial 'J' and a distinct 'MD' at the end.
