Grant Purpose	The objective of this grant is to provide students with the motivation and tools necessary for them to write their own stories based upon the conventions of folk and fairytales, and present these stories orally to an audience.
Grant Activities	Visiting artist, Gladys Varga, will model the art form of storytelling during her residency at Fruitville. She will engage students in active lessons that will teach them about language rhythm, patterns, and nuances and how to incorporate these lessons into an original story written by each student. Students will culminate this residency with a performance of their original story for parents and younger students.
