School Served	only Lamarque
Number of Staff Impacted	80
Number of Students Impacted	850
Number of Parents Impacted	1000
Grant Purpose/Objective Information	
Estimated Start Date	12/7/2017
Estimated End Date	5/3/2018
Grant Purpose	The intent of this project is to connect family, school, and community through engaging learning, based on science, math, and art. We will partner with several different school approved artists, as well as SAC, PTO, and multiple community organizations, to help shape and execute two family event nights. We will invite community members to share events happening around our area and get them involved with presenting projects on our campus, during both of our family events.
Grant Activities	The family nights will include STEM projects, interactive STEM exhibits, hands-on STEM activities, kinesthetic activities, performances by visiting artists, hands-on art activities, music, dancing, and visual art.
Grant Budget Items	The funds received for this project will hire local teaching artists and specialists, who are district approved, as well as any needed materials. Some of the activities and presentations will happen prior to the actual family nights and will be on display for the families; or the students will demonstrate/perform what they've learned to their families on the family night
After Grant Plans	Activities will not be continued after the grant period.
