Grant Purpose	Art encompasses most of the emotional/behavioral areas. The use of drawing tablet monitors provides students with industry-standard technology & prepares them with career-ready skills in the graphic design industry. More importantly, it corresponds with current student technological interests, as it increases focus & improves behavior because students are totally engaged & motivated to learn.
Grant Activities	My students will participate in the following projects: Embracing Our Differences, Mote Marine Aquarium (the cause & effect of Red Tide), SRQ Airport Art Exhibit and any School/Community Graphic Design projects that presents great learning opportunities.
Grant Budget Items	Item MP 22-inch 1080p Battery-free pen display tablet, Black - 5048 LIP 2048 Pressure levels, amount: 20, cost \$499.99 each for total of \$9,999.80.
After Grant Plans	This is the best part of all, this grant will continue to inspire future students for years to come. I have personally observed students with similar equipment just blossom with creative freedom and through that experience regain the love of learning. They want more knowledge and are self motivated to seek it out.
