Grant Purpose	We are looking to integrate the arts with our ELA curriculum for our needy students. We will use this grant to enhance our classroom writing experiences. Students will write and perform plays and will also be able to see professionals in action. Our students don't often have the opportunity to see live theater, nor do they have any experience writing plays themselves. We would love to share these opportunities with them this year to build their reading and writing skills.
Grant Activities	This grant will provide our first graders with a visit to the Florida Studio Theater to see Rumpelstiltskin. Following the show, students will see Write it Up, Write it Down here at Tuttle. They will then become playwrights, participating in the Young Playwrights Festival where actors will perform plays written by youth. Our goal is to have our students create and write their own plays.
Grant Budget Items	We are requesting funds for a 3 show subscription package to FST for each student and first grade teacher. We are also requesting buses for the first and final shows.
After Grant Plans	

	Students will continue to use the writing experience from this Exploration to improve their writing skills throughout their educational careers. Seeing professionally done plays will also be an experience for them to remember!
