Schools/Programs to be served by this grant	# of staff impacted	# of students impacted	# of parents impacted
Suncoast Polytechnical High School	1	100	9

Does this grant require matching funds? Yes No If yes, what amount? _____ How will these funds be raised? _____Grant DescriptionPlease fill in all blanks.

Do not refer to attachments in your summaries.

Do not attach separate sheets.

Briefly summarize the overall **purpose/objective** of the grant and indicate how this grant will contribute to the needs and goals of your School Improvement Plan and/or District Plan. (*Not grant activities*)

This grant would provide a hands-on and relevant foundation for my Biology and AP Environmental Science courses. So many of the curriculum standards and concepts in Biology and Environmental Science can be abstract to students that do not regularly interact with the natural environment. Through this educational field trip to Myakka State Park along with pre-trip discussions and student projects for School Sharing Day, students will not only better grasp the interconnectedness of nature, but also become a stakeholder in the conservation of their local natural resources.

Briefly list **grant program activities** (*what is going to be done with the grant funds*):

Students will participate in a Canopy Walk, Nature Loop hike, Bird Walk at Upper Myakka Lake, castnet for aquatic organisms, water quality testing, and a conservation project for School Sharing Day back at school. School buses will be used for transportation.

Please provide a **brief** explanation of pertinent **budget items** that will be funded through this grant. (*Please indicate if funds will be used for new/old staff position, contracted services, travel, materials/supplies, equipment/furniture, facilities, and other applicable items.*)

Most of the funds will go to the cost of the Environmental Educator – led field trip program, supplies, testing kits, and park entrance fees. The remainder is for bus transportation for 2 days.

How will grant activities be continued after the end of grant period?

During a School Sharing Day, students will display their projects to educate fellow students, parents, staff, and community members about issues related to the use of water resources.
