Grant Purpose/Objective Information	
Estimated Start Date	8/1/2016
Estimated End Date	7/31/2017
Grant Purpose	As part of the SWFWMD ongoing efforts to inform and educate the public about the importance of conserving and protecting water resources, Sarasota County School District will implement a water resources education program from K-12 students and educators in Sarasota County. Opportunities will include hands-on and classroom study with a goal of improvement of student and educator knowledge of water resources.
Grant Activities	Three categories of activities will be present with the funds from this grant. The first entails a Water Resources Field Study Program, serving approximately 1,400 fifth graders, to visit various location in Sarasota County to perform dip net testing, while all curriculum is aligned to state standards. The second entails high school students participation in the Envirothon at Oscar Scherer State Park. The third entails Curriculum Development to enhance the resources available to teachers.
Grant Budget Items	Around the Bend Tours will be contracted to provide Field Trip Programs; All Around Charters will be contracted to provide transportation costs to the Envirothon for participating students and faculty; and teacher will be contracted to write curriculum resources, with materials purchased if needed.
After Grant Plans	

	This grant continues yearly, so these activities will be provided each year. In the event this grant is not provided, however, curriculum resources will be available to teachers through the IFG, field trips will continue through EdExplore grants, and Envirothon participate can continue through other means.
