The School Board of Sarasota County, Florida 2013-2014 Capital Outlay Fund Budget

Sarasota County School Board Vision Statement

The School Board of Sarasota County places learning at the center of its activities to enable all learners to lead productive, responsible, and healthful lives.

Sarasota County School Board Mission Statement

The School Board of Sarasota County prepares students to achieve the highest learning standards by engaging a high quality staff, involved parents, and a supportive community.

Sarasota County School Board Strategic Plan

The 2013-2014 School Board budget reflects the priorities established in the Strategic plan. The plan is based upon five pillars that provide the focus and structure from which the school district will build success. The five pillars are Quality, People, Service, Resources, and Safety. The Quality pillar focuses on measured results for student achievement. The People pillar is founded on maximizing the value of our staff, partners and stakeholders. The Services pillar is promoting courteous, professional, efficient and productive interactions among staff, students, parents, and visitors. The Resources pillar is focused upon ensuring full and equitable use of our facilities, systems and funding. The Safety pillar is protecting our resources, staff, students, parents and visitors.

Capital Outlay Fund Overview

The Capital Outlay Fund is used to account for financial resources that the District uses for construction of major capital facilities, land acquisition, equipment purchases, bus purchases, renovations to existing facilities, payment of capital debt service, and transfers to the General Fund for reimbursement of expenditures allowed by law. The major new construction projects that are being funded in this year's budget are the rebuild of Sarasota High School and the continuation of the rebuild of Booker High, Venice High, and Sarasota County Technical Institute.

The Capital Outlay Planning Process

The "Educational Facilities Survey" for the period 2011-2012 through 2015-2016, is the legal document of a survey conducted in accordance with the requirements of Section 9(d) Article XII of the Constitution of Florida, provisions of Section 1013.31 and Section 101.64, Florida Statutes. The educational survey is required by law to be conducted every five years, but may be conducted as often as necessary. This survey analyzes each school district facility and includes recommendations for any major renovations or new buildings. Before the District can build a new facility or make any major renovations, the Office of Educational Facilities must approve the plans and review that the survey submitted by the School District includes the requested project. There is also a yearly facilities capital outlay plan that is submitted to the Office of Educational Facilities which includes a twenty year projection of facility needs based upon projected student enrollments.

Budget Procedures

The Sarasota County School Board can only legally budget for one year at a time. In order to reflect a more transparent view of the District's capital program, the budget includes a five year capital outlay projection.

The School Board of Sarasota County, Florida 2013-2014 Capital Outlay Fund Budget

Capital Outlay Funding Sources and Legal Uses

Capital Outlay Bond Issues (COBI)

This State revenue source, as authorized by Sections 320.20 and 1010.57, Florida Statutes, comes from motor vehicle license fees collected by local agencies and remitted to the State. COBI Bonds are issued by the State of Florida on behalf of the District for capital outlay purposes. Funds may be used for survey-recommended projects included on the District's Project Priority List and included in the Educational Facilities Survey. Bond repayment comes from Capital Outlay & Debt Service revenues described below.

Public Education Capital Outlay (PECO)

This State revenue source comes from the Gross Receipts Tax, general revenue funds appropriated for educational capital outlay purposes, and all capital outlay funds previously appropriated and certified forward pursuant to Section 215.301, Florida Statutes. Appropriations that are not encumbered within a two-year time frame will revert back to the Trust Fund. PECO funds are allocated into two categories, one for construction and one for maintenance. The maintenance funds are transferred to the General Fund and the construction funds are used for projects identified in the Educational Facilities Survey. Beginning with the fiscal year 2011-2012, PECO funds have been allocated to Charter Schools and Universities with no allocation to K-12 Public Schools.

Capital Outlay and Debt Service (CO & DS)

Allocated by the Florida Department of Education, Office of Educational Facilities, these funds may be used for survey-recommended projects included on the District's Project Priority List and included in the Educational Facilities Survey. These funds may be used in acquiring, building, constructing, altering, remodeling, improving, enlarging, furnishing, equipping, maintaining, renovating, or repairing of capital outlay projects.

Capital Millage Levy

Section 1011.71(2), Florida Statutes, authorizes each school board to levy not more than 1.500 mills against a district's taxable value for school capital purposes. Funds may be used for projects included in the Educational Facilities Survey and advertised in the annual Notice of Tax for Capital Outlay. The appropriations are for new construction, remodeling, site improvement, maintenance, renovations, school buses, new and replacement equipment, lease purchase agreement payments, payment of loans, environmental regulation compliance costs, and leasing of educational facilities.

The School Board of Sarasota County, Florida 2013-2014 Capital Outlay Fund Budget

Capital Outlay Funding Sources and Legal Uses - continued

County Sales Tax

On June 27, 1989, the voters of Sarasota County approved a one-cent sales tax for ten years. Twenty-five percent of the sales tax proceeds are distributed to the District and are to be used to increase the capacity of existing schools and build new schools.

A continuation of the sales tax was approved by the voters of Sarasota County on November 4, 1997 (Phase II) for 10 years, and again on November 6, 2007 (Phase III) for another 15 years. Pursuant to Section 212.055(2) (b), Florida Statutes, project descriptions were made available to voters prior to the vote. The projects listed in the Phase III referendum are as follows:

| | |
|--|---|
| Ashton Elementary School | Bay Haven Elementary School |
| Booker High School | Emma E Booker Elementary School |
| Fruitville Elementary School | Garden Elementary School |
| Gocio Elementary School | Lakeview Elementary School |
| Lakeview Elementary School | New Lakewood Ranch Elementary School |

| District Wide Safety Projects | District Wide Small Remodeling Projects |
| NeXt Generation Learning | District Wide Technology Projects |
| District Wide Equipment | Career Technical Education |
| District Wide Communications Support | District Wide Telecom Services |
| Portables - Lease and Purchase | |

Certificates of Participation (COPs)

Certificates of Participation are debt instruments used to finance the construction of State-approved educational facilities, land, and the purchase of equipment. The debt service is paid from the proceeds of the Capital Outlay Millage (1.500 mill ad valorem tax levy). Since the source of funds for repayment of COPs is from a currently authorized source, as authorized in Section 1011.71(2) of the Florida Statutes, there are no additional taxes levied due to the issuance of debt. COPs may only be used for those projects designated in the official master lease document and approved in the Educational Facilities Survey.

The School Board of Sarasota County, Florida

2013-2014 Capital Outlay Fund Budget

Impact Fees

On April 13, 2004, the Sarasota County Board of County Commissioners passed Ordinance 2004-025 establishing the Sarasota County Educational System Impact Fee Ordinance, effective May 1, 2004. The Commission on July 28, 2004 passed Ordinance 2004-085 to change affordable housing language in the original ordinance. The School District reached agreements with all local governments for the collection of impact fees.

Impact fees are one-time payments that are used to construct system improvements, such as public schools, needed to accommodate growth. The fees are assessed on each new dwelling unit within the County. Funds can be used for equipment, site acquisition, and the construction or expansion of new facilities for enrollment increases.

Note: County Ordinance 2010-085 was passed temporarily suspending the imposition of impact fees, effective December 15, 2010 through December 14, 2012. The suspension was renewed for another 2 years in December 2012.

Capital Fund Revenues from 2007-2008 estimated through 2017-2018

The Capital Budget's primary funding source is from property taxes. The Florida economy has been in an economic downturn since 2007-2008. In 2007-2008 the Sarasota County tax roll was \$64.7 billion. The current tax roll for the 2013-2014 fiscal year is \$43.6 billion, a reduction of 32.6%. The Florida Legislature, from the period of 2007-2008 to now has reduced the 2.00 mills levied against the tax roll for capital funding purposes to 1.50 mills or a millage reduction of 25%. The impact on the Capital Projects Fund revenues from the Florida Legislature reducing the millage rate and the tax roll decrease has substantially reduced the available funding for capital projects. The other funding sources for capital projects that supplement the property taxes are the quarter cent of sales tax the school district receives from local sales tax collections, impact fees on new residential construction, and the State Public Education Capital Outlay appropriations by the Florida Legislature. These supplemental funding sources were \$35.8 million in 2007-2008, and for 2013-2014 are estimated to be \$19 million or a 46.9% decrease. In summary, revenues for 2013-2014 are estimated to be about half what they were in 2007-2008. With substantially decreased revenues the funding of ongoing recurring capital expenses and major renovation projects has become very challenging. The following graphs have been prepared for the reader to view how the capital budget has been transformed from 2007-2008 to what is estimated through 2017-2018.

The School Board of Sarasota County, Florida 2013-2014 Capital Outlay Fund Budget

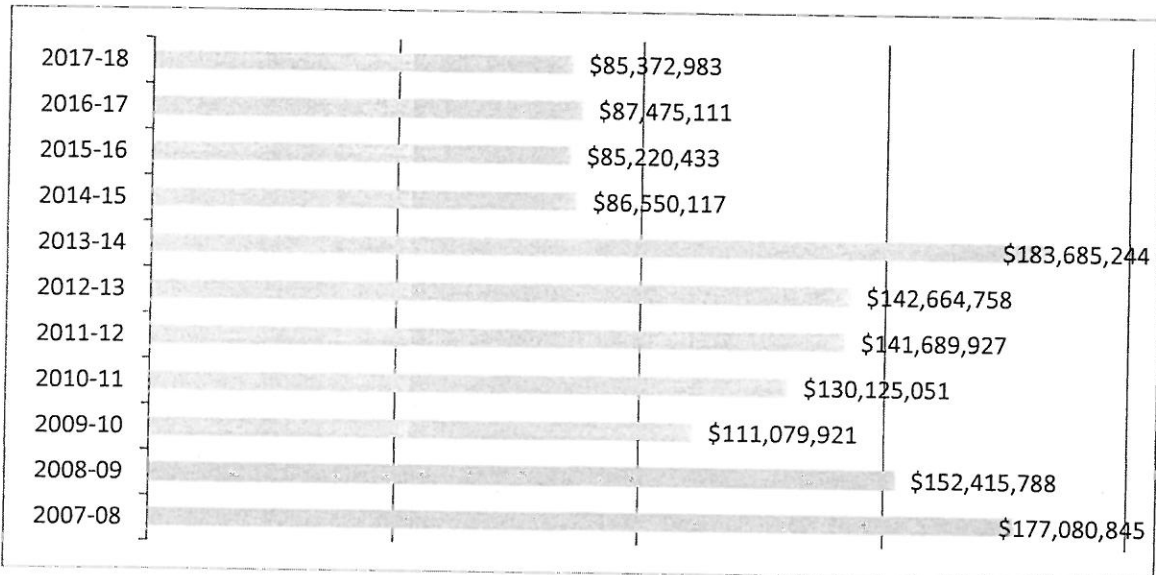

Capital Fund Actual and Estimated Revenues including other Financing Sources from 2007-2008 through 2017-2018

(Note – The large spikes in revenue for fiscal years 2008-2009 and 2010-2011 are due to the issuance of Certificates of Participation in the amount of \$75,625,000 and \$113,096,000, respectively)

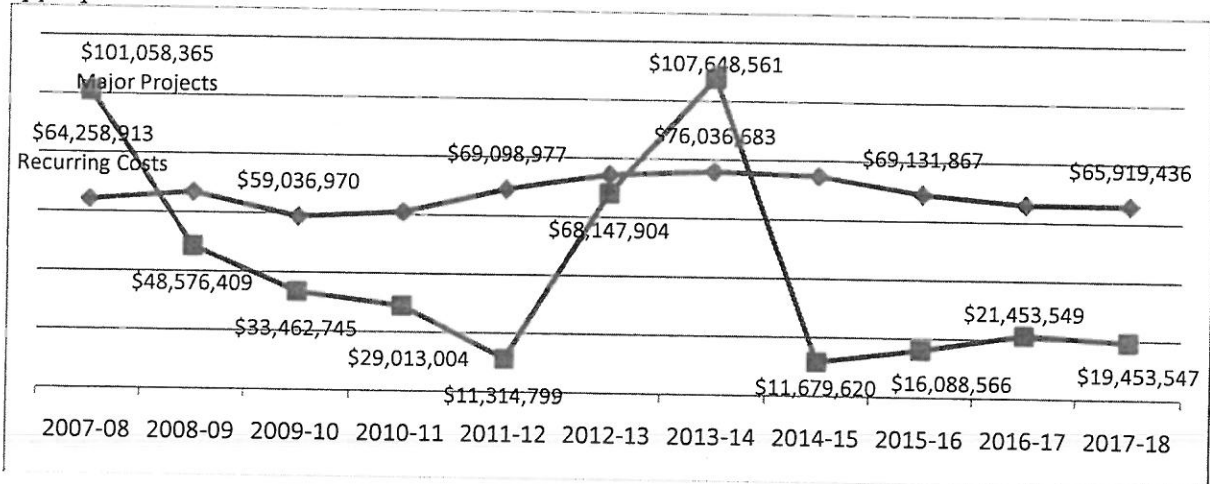

Capital Fund Actual and Estimated Appropriations from 2007-2008 through 2017-2018

The capital fund major projects typically are under construction for multiple years. The final adoption of the budget in September reflects the carry forwards from the 2012-2013 fiscal year. In the graph below the appropriations reflect the approximately 50% decline in revenues since 2007-2008.

The School Board of Sarasota County, Florida 2013-2014 Capital Outlay Fund Budget

Total recurring appropriations as compared to the balance of revenues available for major projects for the fiscal years 2007-2008 through 2017-2018 is detailed in the chart below. The chart highlights how the projects that are multiple years impact the carry forward of funds into 2013-2014. After 2013-2014 the funding reduction in revenues has decreased appropriations available for major construction projects after funding recurring appropriations.

Multiple Year Major Capital Projects

The table below is a recap of the major construction projects that are funded in the Capital Outlay Fund. The major funding source for Booker High School, Sarasota Technical Institute, and Venice High School has been proceeds from the issuance of debt. The major renovations needed at the Sarasota High campus have been funded through a combination of anticipated savings at the Sarasota County Technical Center, savings from the rebuild of Venice High School, and remaining balances from revenues for major construction projects.

| Major Rebuild | Total Amended Budget | Amount Spent and Encumbered through 9/02/13 | Remaining Balance |
|---|----------------------|---|-------------------|
| Booker High School rebuild including road construction – Estimated Completion 2013-2014 | \$60,471,588 | \$57,342,736 | \$3,128,852 |
| Sarasota High School – Estimated Completion 2014-2015 | \$40,137,801 | \$37,014,468 | \$3,123,333 |
| Sarasota County Technical Institute including the ball fields for Riverview - Estimated Completion in 2013-2014 | \$75,837,757 | \$72,616,696 | \$3,221,061 |
| Venice High School including City of Venice contribution for the Performing Arts Theater - Estimated Completion 2013-2014 | \$92,096,858 | \$87,283,574 | \$4,813,284 |
