#### Sarasota County School Board Vision Statement

The School Board of Sarasota County places learning at the center of its activities to enable all learners to lead productive, responsible, and healthful lives.

#### **Sarasota County School Board Mission Statement**

The School Board of Sarasota County prepares students to achieve the highest learning standards by engaging a high quality staff, involved parents, and a supportive community.

#### **Capital Outlay Fund Overview**

The Capital Outlay Fund is used to account for financial resources that the District uses for construction of major capital facilities, land acquisition, equipment purchases, bus purchases, renovations to existing facilities, payment of capital debt service, and transfers to the General Fund for reimbursement of expenditures allowed by law. The major new construction projects that are being funded in this year's budget are the Brentwood Elementary Renovation / Cafeteria project, Booker High Visual Performing Arts Theater, Pine View Science Lab and the Single Point of Entry project.

#### **The Capital Outlay Planning Process**

The "Educational Facilities Survey" for the period 2017-2018 through 2021-2022, is the legal document of a survey conducted in accordance with the requirements of Section 9(d) Article XII of the Constitution of Florida, provisions of Section 1013.31 and Section 101.64, Florida Statutes. The educational survey is required by law to be conducted every five years, but may be conducted as often as necessary. This survey analyzes each school district facility and includes recommendations for any major renovations or new buildings. Before the District can build a new facility or make any major renovations, the Office of Educational Facilities must approve the plans and review that the survey submitted by the School District includes the requested project. There is also a yearly facilities capital outlay work plan that is submitted to the Office of Educational Facilities which includes a twenty-year projection of facility needs based upon projected student enrollments.

#### **Budget Procedures**

The Sarasota County School Board can only legally budget for one year at a time. In order to reflect a more transparent view of the District's capital program, the budget includes a five-year capital outlay projection.

#### **Capital Outlay Funding Sources and Legal Uses**

#### **Capital Outlay Bond Issues (COBI)**

This State revenue source, as authorized by Sections 320.20 and 1010.57, Florida Statutes, comes from motor vehicle license fees collected by local agencies and remitted to the State. COBI Bonds are issued by the State of Florida on behalf of the District for capital outlay purposes. Funds may be used for survey-recommended projects included on the District's Project Priority List and included in the Educational Facilities Survey. Bond repayment comes from Capital Outlay & Debt Service revenues described below.

#### **Public Education Capital Outlay (PECO)**

This State revenue source comes from the Gross Receipts Tax, general revenue funds appropriated for educational capital outlay purposes, and all capital outlay funds previously appropriated and certified forward pursuant to Section 215.61, Florida Statutes. Appropriations that are not encumbered within a two-year time frame will revert back to the Trust Fund. PECO funds are allocated into two categories, one for construction and one for maintenance. The maintenance funds are transferred to the General Fund and the construction funds are used for projects identified in the Educational Facilities Survey. Beginning with the fiscal year 2011-2012, PECO funds have been allocated to Charter Schools and Universities with no allocation to K-12 Public Schools. In 2014-2015 and continuing into 2017-2018, PECO Funds have been restored to K-12 Public Schools. For fiscal year 2017-2018 the Florida Legislature allocated \$50,000,000 to Charter Schools and \$50,000,000 to K-12 Public Schools.

#### Capital Outlay and Debt Service (CO & DS)

Allocated by the Florida Department of Education, Office of Educational Facilities, these funds may be used for survey-recommended projects included on the District's Project Priority List and included in the Educational Facilities Survey. These funds may be used in acquiring, building, constructing, altering, remodeling, improving, enlarging, furnishing, equipping, maintaining, renovating, or repairing of capital outlay projects.

#### **Capital Millage Levy**

Section 1011.71(2), Florida Statutes, authorizes each school board to levy not more than 1.500 mills against a district's taxable value for school capital purposes. Funds may be used for projects included in the Educational Facilities Survey and advertised in the annual Notice of Tax for Capital Outlay. The appropriations are for new construction, remodeling, site improvement, maintenance, renovations, school buses, software licensing, new and replacement equipment, lease purchase agreement payments, payment of loans, environmental regulation compliance costs, the payment of property insurance for all district facilities, and leasing of educational facilities. Effective July 1, 2017, all school districts are required to share this revenue source with charter schools pursuant to a calculation prepared by Florida Department of Education. A charter schools governing body may use these capital outlay funds as prescribed by Section 1013.62(4), Florida Statues. Payments to charter schools are due no later than February 1 of each year.

#### **Capital Outlay Funding Sources and Legal Uses - continued**

#### **County Sales Tax**

On June 27, 1989, the voters of Sarasota County approved a one-cent sales tax for ten years. Twenty-five percent of the sales tax proceeds are distributed to the District and are to be used to increase the capacity of existing schools and build new schools.

A continuation of the sales tax was approved by the voters of Sarasota County on November 4, 1997 (Phase II) for 10 years, and again on November 6, 2007 (Phase III) for another 15 years. Pursuant to Section 212.055(2) (b), Florida Statutes, project descriptions were made available to voters prior to the vote. The School Board has the authority to amend projects on an as needed basis. When the original revenue projection was computed, the economic recession reduced the anticipated revenues by approximately \$86 million through 2024. From the list below, the School Board has had to eliminate funds allocated for new future school construction. The projects listed in the amended Phase III referendum are as follows:

Booker High School	Bay Haven Elementary School
Fruitville Elementary School	Emma E Booker Elementary School

#### Capital Outlay Funding Sources and Legal Uses – continued

#### **Certificates of Participation (COPs)**

Certificates of Participation are debt instruments used to finance the construction of State-approved educational facilities, land, and the purchase of equipment. The debt service is paid from the proceeds of the Capital Outlay Millage (1.500 mill ad valorem tax levy). Since the source of funds for repayment of COPs is from a currently authorized source, as authorized in Section 1011.71(2) of the Florida Statutes, there are no additional taxes levied due to the issuance of debt. COPs may only be used for those projects designated in the official master lease document and approved in the Educational Facilities Survey.

#### **Impact Fees**

On April 13, 2004, the Sarasota County Board of County Commissioners passed Ordinance 2004-025 establishing the Sarasota County Educational System Impact Fee Ordinance, effective May 1, 2004. The Commission on July 28, 2004 passed Ordinance 2004-085 to change affordable housing language in the original ordinance. The School District reached agreements with all local governments for the collection of impact fees.

Impact fees are one-time payments that are used to construct system improvements, such as public schools, needed to accommodate growth. The fees are assessed on each new dwelling unit within the County. Funds can be used for equipment, site acquisition, and the construction or expansion of new facilities for enrollment increases.

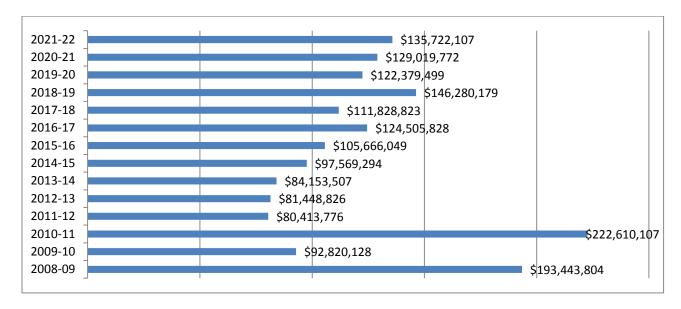

Note: County Ordinance 2010-085 was passed which temporarily suspended the imposition of impact fees, effective December 15, 2010 through December 2015. As of January 2016, Educational System Impact Fees were reinstated.

#### Capital Fund Revenues Actual and Estimated from 2008-2009 through 2021-2022

The Capital Budget's primary funding source is from property taxes. In 2007-2008, the Sarasota County tax roll was \$62.7 billion. Sarasota County has been recovering from the economic downturn but, the tax roll for the 2017-2018 fiscal year is \$58.9 billion, a reduction of \$3.9 billion from 2007-2008. The Florida Legislature, from the period of 2007-2008 to now, has reduced the 2.00 mills levied against the tax roll for capital funding purposes to 1.50 mills or a reduction of 25%. The impact on the Capital Projects Fund revenues, from the millage rate reduction and the tax roll decrease, has substantially reduced the available funding for capital projects. The other funding sources for capital projects, that supplement the property taxes, are the quarter cent sales tax the school district receives from local sales tax collections, impact fees on new residential construction, and the State Public Education Capital Outlay appropriations by the Florida Legislature. These supplemental funding sources were \$35.8 million in 2007-2008, and for 2017-2018 are approximately \$26.6 million, or a 7.4% decrease. In summary, revenues for 2017-2018 are about 76% of what they were in 2007-2008. With substantially decreased revenues, the funding of ongoing recurring capital expenses and major renovation projects has become very challenging. The following graphs have been prepared to reflect how the capital budget has been impacted from 2008-2009 to what is estimated through 2021-2022.

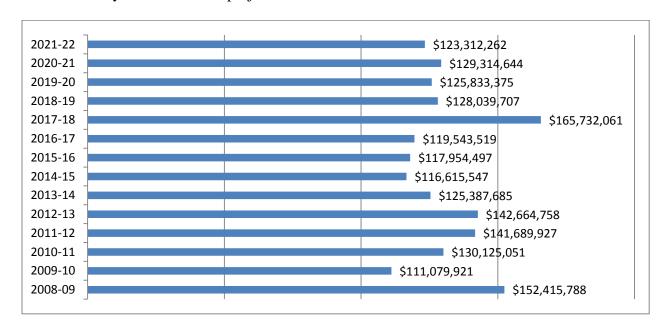

# Capital Fund Actual and Estimated Revenues 2008-2009 through 2021-2022

(Note – The large spikes in revenue for fiscal years 2008-2009, 2010-2011 and 2018-2019 are due to the issuance, or planned issuance, of Certificates of Participation in the amount of \$75,625,000, \$113,096,000 and \$30,000,000 respectively).

Capital Fund Actual and Estimated Appropriations 2008-2009 through 2021-2022

The capital fund major projects typically are under construction for multiple years. It is estimated, as of June 30, 2017, there are approximately \$46.9 million in encumbered contracts for projects that are multi-year construction projects.

### **Current Year Major Capital Projects**

The table below is a recap of the multi-year major construction projects in the Capital Outlay Fund. The listing includes those projects that will be completed in 2016-2017 and projects that are continuing into subsequent fiscal years.
