Grant Purpose	Our Third Grade team chose this Exploration to help enrich the minds of our students. We would like to allow our students an opportunity to have a hands on learning experience with different wild animals and learn more about their natural habitats. Many of our students do not get a chance to visit places such as "Big Cat Habitat" and we would like to offer that first hand experience to them. Our teachers would love to allow our students to understand Big Cat Habitats goal which is "to educat
Grant Activities	Big Cat Habitat will provide students with hands on activities and exploration on wildlife and their habitats. Big Cat will educate the students by fostering respect and appreciation for animals and teach the importance of their surroundings. Students will be guided by experienced tour guides through the sanctuary grounds, where they will be introduced to these wild animals and their habitats. Teachers will continue the education of these animals by discussing further in their classrooms and I

After Grant Plans	Students will be assessed by discussing questions with their Tour Guides. They will also be assessed by creating a habitat of their own for an animal that they saw while visiting Big Cat Habitat. There is ample opportunity to read, write, discuss, or be engaged in solving problems from visiting Big Cat Habitat. We will get students actively involved in higher-order thinking tasks like analysis, synthesis, and evaluation just by asking a few questions: Why does this animal live in this habita
